Description

This is a very fine and beautiful example of a ladies wristwatch made by the world renowned premier Swiss maker Rolex. This is the Precision model which has a solid 9ct yellow gold case and bracelet. It is quite stunning with a flawless dial and intricate slender solid 9ct gold bracelet. It has a cabachon sapphire winding crown which sets it off nicely. It has just had a brand new glass fitted so there are no scratches and there is no inscription on the back. The movement is an absolute gem, sparkling clean and in like new condition, this is a movement from the golden age of Swiss watchmaking. As you would expect from Rolex the watch is fully marked on the dial as Precision, movement and case, the bracelet and case are fully hallmarked. It comes complete with a new presentation box. Rolex are one of the most exclusive makers in the world and this watch certainly has that understated elegance which resonates class. The watch case measures 21mm in diameter including the crown. It fits a maximum wrist size of 6.5" but this can easily be reduced by any competent jeweller. Overall this watch is in beautiful near mint condition and looks as if it was hardly ever worn,...
