Description

Very stylish & curvaceous large pair of Swedish Art Deco armchairs, which would look equally good mixed in with traditional or modern room settings. The frames are satin birch & they have been recently recovered in the same way as they were before, with the ribbed rolled over backs, in a neutral colour linen fabric. I would say they date from around the 1930's period & they are in great condition. These armchairs are very comfortable & I've seen similar models (actually far inferior models) being sold on other prominent web site for in excess of £5000. I must say, these are the nicest examples of these Swedish chairs that I have ever had. I would actually take these home, but my crazy dog will ruin them. Width - 27.5", 70 cm Depth - 31.5", 80 cm Height - 31.5", 80 cm Seat height - 16.5", 42 cm PLEASE CHECK MY WEB SITE www.churchstreetantiques.net FOR MANY MORE DETAILED IMAGES OF THESE ARMCHAIRS & OF MANY OTHER ITEMS
