Antique Swedish Inlaid Bombe Commode

Sold**Item Reference: SA249785****Date of manufacture: 1860**

Description

This antique Swedish bombe commode is unusual in that it has a polished top, because they usually come with marble tops. This commode is fantastic quality & has a great shape. We brought over about six different types of commodes from Sweden this time & I must say that these are the best batch I've had. This one has lots of parquetry segments in what looks like walnut although it could be another wood. It also has cross bandings, inlays & other woods laid onto it. The wood has a lovely warm original colour & patina. This commode has fabulous quality gilt bronze handles, mounts, feet & escutcheons. There are locks in all the drawers which also have fine dovetails, but I don't think we have a key. I would date this piece to around the 1860-80 period. Width - 39.5", 100 cm Depth - 19.8", 50 cm Height - 30.7", 77 cm
