Description

Fully and professionally restored. This is a wonderful opportunity to own a genuine Victorian solid brass companion set dating to around 1870. They really do stand out because of the fabulous intricate latticework decoration and turned supports, they are extremely heavy as you would expect. They have been fully and professionally restored with the brass being bright and crisp yet retaining the patina you would expect from an item of this age. They measure 26 inches long. Delivery within mainland UK is included in the price. We have a large selection of genuine Victorian brass lamps, fire dogs, companions sets and vintage wristwatches and clocks so please do take a look at our other items. These are genuine Victorian pieces and not to be confused with modern reproductions.
