

SA250324

Original Antique Georgian Leather Wing Armchair

Price

Sold**Item Reference: SA250324****Date of manufacture: 1800**

Description

This is an original antique Georgian armchair, that has been re-upholstered in leather & then hand coloured. It's a shame that I didn't photograph it before it was upholstered, because we pulled about 4 or 5 different layers of old upholstery from off the frame. I could tell straight away that this was a period chair & my restorer verified that. I would date it to around the 1790-1810 period, but it might be even older. The legs are mahogany with blind fretwork design & an 'H' stretcher. It's been individually hand tacked & has piped edges. This wing armchair has great proportions & is very comfortable to sit on. Width - 29", 74 cm Depth - 31", 79 cm Height - 47.5", 121 cm Seat Height at highest point on cushion 22", 56 cm. 20", 51 cm at front edge. It's a soft cushion, so will drop in height when sat on. PLEASE CHECK www.churchstreetantiques FOR MORE IMAGES OF THIS & MANY MORE ITEMS
