Description

Fully and professionally restored. This is a wonderful opportunity to own a genuine Victorian solid brass pair of fire dogs dating to around 1870. They really do stand out because of the fabulous turned supports and decoration around them, these are probably the best example of genuine English Victorian fore dogs we have ever come across, they are heavy as you would expect. They have been fully and professionally restored with the brass being bright and crisp yet retaining the patina you would expect from a pair of fire dogs of this age. They measure 14" high and 8" deep. Delivery within mainland UK is included in the price. We have a large selection of genuine Victorian brass lamps, fire dogs, companions sets and vintage wristwatches and clocks so please do take a look at our other items.
