AN EARLY 20THC EIGHT ARM BRASS CHANDELIER

Price

Sold**Item Reference: SA251447****Date of manufacture: 1910**

Description

A decorative brass chandelier with beautiful scroll arms holding eight lights. We date this as being between 1910-1940 and it has the original ceiling fitting which we have altered inside to enable it to fix easily on the ceiling. The brass is slightly darker than shown in the photographs - the effect of flash photography - and it is in very good condition. The chandelier has been rewired for the UK market and fitted with new candle tubes. It measures approximately 51cm in height from the base to the ceiling fitting, and approximately 59cm across. The chandelier can be viewed in the Berkshire area.
