

SA251530

A Large Vintage Tan Leather Suitcase with Chrome Studs

Price

Sold

Item Reference: SA251530

Date of manufacture: 1930

Description

A very nice tan leather suitcase, probably dating from the 1930's, with chrome stud detailing to the underside and three chrome locks, the top lid has an expanding concertina action and the interior is lined in pale blue fabric. All locks are working but lacking keys. The case is a heavy duty example in sound condition, nice sturdy handle and no leather rot. It originally had two straps which are now missing and there is some staining overall which gives it a good vintage look. 69cm x 39cm x 24cm
