Description

Fully and professionally restored. This is a wonderful opportunity to own a genuine Victorian oil lamp c1890 in full working order. What really makes this lamp stand out is the wonderful shaped solid brass base and this is complimented by the round etched shade with the fluted top which is in the typical Victorian design. The brass is bright and crisp yet retaining the patina you would expect from a piece of this era. It measures 23" high and the base is 7" in diameter. As you would expect from a piece of solid brass it is extremely heavy. This is a genuine Victorian Oil lamp and not to be confused with reproductions. You are more than welcome to view this lamp or any item we have listed, we have a large selection of antique lighting, companion sets and fire dogs so please take a look at our other items. Delivery within mainland UK is included in the price.
