Description

Good early 1900's NORRIS of LONDON 13 1/2" long dovetailed steel No. 1 panel plane. Early short brass lever cap with dark rosewood infill including large enclosed rear handle. Good length original early Norris London thick parallel iron (blade). No pitting to the metal but there are a couple of small blemishes to the infill. Very nice early example from the most famous of plane makers. We stock one of the largest selections of antique, vintage and pre-owned woodworking tools in the whole of the UK. Brand new catalogue out now online.
