Description

Incredible Omega solid stainless steel gents wristwatch c1946. This is a very fine example of a gents classic wristwatch made by the world renowned premier Swiss maker Omega. It has the calibre 28.10RA fully automatic bumper movement. It is rare in as much as it is classed as an oversize watch because the case size is slightly larger measuring 35mm in diameter and is the model 2421-1. The dial and hands are completely original as is the winding crown. It has a new scratch resistant mineral glass fitted and the case professionally cleaned and polished. As you would expect the watch is fully marked on the dial, movement and case. It comes complete with a new premium quality black leather strap and a presentation box to keep your watch in perfect condition. Omega are one of the most exclusive watchmakers in the world and this watch certainly will be of interest to collectors because of the original condition. The watch has just been fully overhauled and serviced by the highly respected Omega specialist Alan Williams FBHI. It has been fully authenticated and found to be a genuine Omega in all respects. This watch has been fully and professionally overhauled...
