Description

In its original 'COUVERT DE VOYAGE' red leather fitted case, this VICTORIAN CAMPAIGN FOLDING CUTLERY SET consists of a knife, fork and spoon. The STEEL KNIFE & FORK have BONEHANDLES with BRASS collars. The SPOON, because it goes directly into the mouth, has been made of brass, again with a bone handle. The CASE stands approximately 4.25 inches (11 cm) high. The knife measures approximately 6.75 inches (17 cm) when extended. All the cutlery opens and closes well. Depending upon preference, it would perhaps benefit from a clean.
