

SA261130

Regulator Grandfather Clock by Bryson of Edinburgh

Price

Sold**Item Reference: SA261130****Date of manufacture: 1800**

Description

An excellent Domestic Regulator by these inventive and well known Scottish clockmakers. The substantial 8 day duration movement striking the hours on a bell and with Deadbeat Escapement and Harrison Maintaining Power. The round silvered brass dial showing both seconds and date dials. Also with matching blued steel hands and signed by the maker to the base of the dial in large capital letters. The large brass pendulum bob with regulation nut and wooden rod. The beautifully proportioned mahogany veneered case of typical drumhead design with fiddleback veneers to the trunk door flanked by reeded quarter columns and a flame mahogany veneered oval with ebony inlay surround. The base with a raised single moulding and shaped plinth. The hood with glazed concave brass bezel, plain drum shaped top and turned horizontal supports with ebony paterae. The case also with a rare Oatbeard Hygrometer feature below the main dial. Note: The Bryson family are described as eminent and inventive Clockmakers. Robert Bryson was born in 1778 and died in 1852. He was a Fellow of the Royal Society of Edinburgh and made a Sidereal Regulator for the Edinburgh Observatory. He had two sons, Alexande...
