Description

Large 19th French Cherry Wood Farmhouse Kitchen Table This a Large 19th French Cherry Wood Farmhouse Kitchen table comes from Brittany in the West of France This is good honest farmhouse table and it is an unpretentious piece is aged and naturally distressed with a delightful patina The top of the table is made from 1" thick planks of cherry with cleated ends the table has the added advantage of having a draw leaf at one end which can extend the table up to another 28" in length. The table has charming turned cherry wood legs and a drawer in the side, I have had the wood worm treated and it is now dead The real attraction of this table is its genuine unspoilt original country Farmhouse look, there is a slightly dark patch where the French cook must have placed a hot dish but it is full of history and character The table is 79" long, 33" wide, it is 29" high and 24" under knee, when the leaf is pulled out the table is 107" long LF211C We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk All our items are covered by the Distance selling Regulations.
