

SA264102

GOOD SET OF 5 GEORGIAN COPPER & IRON UTENCILS

Price

Sold**Item Reference: SA264102****Date of manufacture: 1800**

Description

Good set of five Georgian fire side utensils in copper with iron handles on a later blacksmith made hanger. Five utensils including a skimmer, a very nice toasting fork and three various shape spoons. The hanger I'm pretty sure is later 19th century made but the utensils are definitely Georgian. Very nice item to hang beside an open fireplace or in a rustic kitchen.
