Description

Victorian mahogany extending dining table This mid-Victorian mahogany dining table with D shape ends winds-out on a well engineered telescopic action. This table can be used with no leaves in place, 1 leaf in place or both leaves in place. We have fully restored this fabulous table by hand. It has been traditionally French polished, we do not use lacquers or spraying techniques. The table is finally finished with a wax polish to give it a luxurious finish. The upkeep is easy, just a soft cloth off when required, and now and again a spray wax (silicon free) as you would any other of your furnishings.
