Sold**Item Reference: SA268867****Date of manufacture: Edwardian**

Description

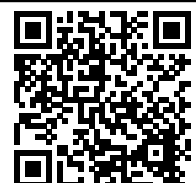

This is an Italian early 20thC six arm ornate giltwood chandelier that has recently been rewired for the UK market. It has six scroll arms and a decorative central column with a lovely finial and ceiling fitting. It is in good condition, with a few tiny holes from old woodworm that was treated many years ago. This is only visible close up. The chandelier was made in the old style where the arms slot into the central column without the use of nails or screws, and they fit perfectly. It measures approximately 92cm in length and 76cm in width. It can be delivered within easy reach of the M25, and can be viewed in the Surrey area. Alternatively, we have a courier who delivers to most parts of the UK for a very reasonable charge.
