## Description

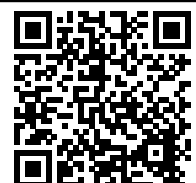

A rare Regency Chinoiserie table cabinet, always the hardest find in this desirable cream colour. The top and front are smothered in gilded decoration with hand painted oriental scenes. The sides and back are decorated with more simple gilded oriental motifs. The lid lifts to reveal the top jewelry tray, this and all the drawers have been professionally re-lined to create a fresh, clean finish. The top section has two fitted ring runs top and bottom to accommodate six or seven rings each. There are then two long central sections the width of the box, perfect for a wrist watch. The drawers are all lined too, the top one with a section for a pocket watch. The box stands on four original brass Lion's Paw feet, typical of the era, dating to around 1820. Complete with a working key, the box remains in excellent condition. The footprint measures 10 1/4" x 8 1/4"; the lid measures 10" x 8", the cabinet standing 9 1/4" high.
