

SA270479

AN ANTIQUE AMBER AND CLEAR GLASS CHANDELIER

Price

Sold**Item Reference: SA270479****Date of manufacture: 1910**

Description

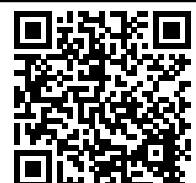

This is a beautiful chandelier dating from around 1910-1940 with original amber glass rectangular pieces mixed with crystal clear glass long drops. The photographs have made the drops appear red in colour, whereas in reality they are a dark amber when not lit, and a soft amber when the light is on. The brass frame work holds four lights inside, and the item has been completely rewired with replacement candle tubes fitted to the lights. This is a very unusual and attractive chandelier, and the photographs don't do it justice. The camera flash has distorted the colour and in reality it looks stunning when lit up. It can be viewed in the Surrey area by appointment, and we can deliver within easy reach of the M25. We also have a courier who delivers around most parts of the UK for a reasonable charge. The measurements are approximately 96cm in length and 60cm in width.

Internal Ref: 1257
