WILLIAM IV SCOTTISH MAHOGANY BREAKFRONT BOOKCASE

Price

Sold**Item Reference: SA273045****Date of manufacture: 1800**

Description

Very nice small size William IV period Scottish mahogany breakfront bookcase. The base with three cupboard doors with carved decoration and flame veneer panels and one adjustable shelf in each. The bottom section the locks are all old replacements but are in full working order with keys. The top section, again with three doors with ALL the original wavy glass and carved decoration to the tops of the doors. Simple cornice above which is completely un-touched and original. The doors with original locks all with working keys. There are four fully adjustable shelves in each section. The bookcase is very well proportioned with a low waist and is in very good condition. The colour and patination are superb. SIZES; 6 foot wide exactly by 18" deep at the widest point and 89" high
