Description

Probably one of the most decorative frames I have had for a while and an unusual one to. The glazed aperture itself measures 5 1/2" x 4" and is surrounded by the most wonderful cast brass Acanthus leaves, with beautifully hand chased detailing, a really great look. Standing on it's original folding easel back, this one is a winner in excellent condition. Dating to around 1880, Victorian in era, the overall size measures 7 3/4" x 6 1/2".
