Description

A gents 1960s Omega Seamaster wrist watch. The watch has a Swiss hand-winding movement which is ticking away nicely and the time keeping is good to within around two minutes over a 24 hour period. The watch measures 33.5mm diameter excluding the winding crown and the lugs. The case is stainless steel and the condition is good with just the odd minor mark. The back of the watch has the raised Seamaster image. The winding crown is a later replacement. The lens has minor marks, not too noticeable to the naked eye. The dial has the applied Omega logo and name. There is wear and marking to the dial, all as shown in the photos. A new black leather strap has been fitted. Price includes worldwide postage.
