Price

Sold**Item Reference: SA277620****Date of manufacture: 1920**

Description

A wonderful colour of yellow has been used in Guilloche enamel to top the lid of this jar, showcasing the engine turned decoration below. The lid is made from English sterling silver with a full hallmark for Birmingham 1926 together with the makers mark for the well renowned silversmith, Adie Brothers Ltd. The jar is multi-faceted and smaller than most in this shape. The lid measures 2" x 1 1/2" and the jar with lid stands 2 1/2" tall. Excellent condition (a minuscule spot on the enamel - hard to see with the naked eye, insignificant and mentioned purely for accuracy). A real gem.
