Description

An extremely finely painted landscape oil painting on canvas depicting a horse drawn logging cart moving two heavy recently felled tree trunks. The trees are beautifully and very realistically painted to a accurate scale and stand out in fine detail against the powder blue skylined background. A tiny thatched oak beamed cottage is seen on the left hand side with a mother and young daughter standing next to their goat, both looking towards her husband and son with reins in hand. CONDITION Excellent order throughout and in original frame.
