

SA278205

FINE CONTINENTAL SOLID SILVER MODEL OF A HORSE

Price

Sold**Item Reference: SA278205****Date of manufacture: 1910**

Description

FINE Edwardian period solid cast silver model of a horse on black marble base. The horse is superbly modeled with great crisp detail. Probably the original base. There is what looks like it might be a mark to the underside of the horse but it is very hard to see for sure. Has been tested though and is definitely solid silver. A very nice piece for the horse lovers amongst you. SIZE; Base is 4 3/4" by 2 1/2". Stands 4 3/4" high overall
