Description

Antique Victorian mahogany extending dining table To view this table live on video please go to www.hingstons-antiques.co.uk This Victorian D-end dining table extends to take 2 leaves. You can seat 8-10 comfortably. The table stands on turned reeded mahogany legs finishing on its original china wheel castors. The table winds out on a telescopic winding mechanism that is done by using a handle. It is a very simple exercise to do and you can decide if you require to just place one leaf in for use or both. The table is very versatile as it can be used when closed with just 1 extra leaf or both leaves in. We have totally re-polished this table in the traditional manner. We do NOT use sprays or lacquers but all by hand. Whilst it takes us longer to do so the finish is worth it as you get the depth of colour and the character of the antique mahogany.
