Sold**Item Reference: SA280907****Date of manufacture: 1940**

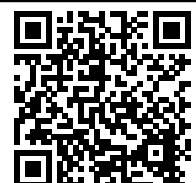

Description

A 1940s 9 carat gold cushion cased wrist watch. The watch has a Swiss hand-winding movement, with 15 jewels, which is ticking away nicely and the time keeping is good. The watch measures 28mm wide excluding the winding crown and 28mm high excluding the lugs. As it is on the small side, it would suit a slim gent's wrist or it could be worn by a lady. The case is 9 carat gold and there are British hallmarks inside the case back for London 1947 and Continental hallmarks on the outside of the case. The front of the case is in good condition; the back has some unevenness. The lens is in good condition. The dial is signed Incabloc, which is a form of shock resistance, Swiss Made. It is in its original finish and there is some light marking and some discolouration. Blued steel hands, subsidiary seconds dial and an outer minute track. A new black leather strap has been fitted. FREE WORLDWIDE POSTAGE SAME DAY DESPATCH IF ORDERED BEFORE 12 NOON (Monday to Saturday)
