Description

A gents Omega Seamaster wrist watch. The watch has an automatic movement, calibre 562, which is ticking away nicely and the time keeping is good. The movement is signed Omega Watch Co, Swiss and it has the serial number 19,074,828 which dates it back to 1962. The watch measures 32mm diameter excluding the winding crown and the lugs. The case is stainless steel. The front is in good condition and the back has some marking but nothing too bad for the age. The inside of the case back has the case number 14760 which is correct for the calibre 562 model so we can be confident that everything is just as it should be. The winding crown has the Omega logo. The lens is in lovely condition. The signed dial has the applied Omega logo. The dial has been re-finished at some stage. Original dauphine shaped hands, red centre seconds and an early quick set date. A new black leather strap has been fitted. FREE POSTAGE SAME-DAY DESPATCH IF ORDERED BEFORE 12 NOON (Monday to Friday)
