Description

3 Large Pieces of 19th Century Painted Stained Leaded Glass Window These Magnificent Pieces have been salvaged from a Victorian House during Renovations, each one is mounted between 2 sheets of Plate Glass to protect it which does enable them to be viewed from both sides. Each of the smaller Windows has a Leaded and Painted Roundel, the larger has 2, there is only very minor damage to the glass and lead work which would be simple to repair when the windows are installed in their new home (The Largest Window has a long crack at one corner, this is on the outer casing of modern Glass not the Antique piece) The Glass Panels would be ideal for mounting in a Frame and are in good enough condition to be reused as windows The 2 Smaller Pieces are 39" tall and 19" wide, the large window is 39" tall and 41" wide We Give Free Delivery to Mainland England & Wales, to see all of our current stock please visit our web site at www.elmgarden.co.uk Delivery times vary from 7 to 28 days TS124
