Price

Sold**Item Reference: SA282723****Date of manufacture: 1910**

Description

These duet piano stools are becoming quite hard to find, because they are becoming increasingly popular to be used at the end of a double bed. Of course you could just use it as a piano stool. This one is antique Edwardian, solid mahogany & in good original condition. It has a lift up seat, which has been re-upholstered in calico & it has storage inside. The seat has mechanism inside that can keep the seat open when lifted up (see one of the images). The arms & legs are nicely shaped. I would date it to around the 1890-1910 period. Width - 40.5", 103 cm Depth - 13.8", 35 cm Height - 24", 61 cm Seat height - 21.3", 54 cm
