Description

Very stylish small pair of Swedish Art Deco armchairs. They would look equally good mixed in with traditional or modern room settings. The frames which are satin birch with a lovely grain & colour, have been recently recovered in a neutral colour linen fabric. I would say they date from around the 1930-50's period & they are in good condition for their age. These armchairs are very comfortable & I've seen similar models being sold on other prominent web site for in excess of £5000. The price on my web site is the best I can do. I have been selling this model for quite a few years at this price level, even though the costs of buying the frames, importing, polishing & upholstery have gone up. Width - 24", 61 cm Depth - 26", 66 cm Height- 28.5", 72 cm Seat Height - 15", 38 cm
