Description

A mid Victorian mahogany drop dial wall clock striking on the hour. This is a superb clock, original in every detail and recently overhauled in our own workshop by our BHI registered staff. The 8 day,twin fusee movement, made by top German maker WINTERHALDER & HOFFMEIRE, strikes on a gong on the hour. The mahogany case is beautifully polished and has sound-fret opening doors to either side of the backbox and a drop down door to the base. It has an oval glazed aperture to the lower half of the case through which the heavy brass pendulum can be seen working. Even the pegs holding the clock to the backbox are original, which is quite unique. The 12" off white dial has black Roman numerals with black spade hands and is signed "TIDMARSH. FULHAM RD." It has a brass bezel and silvered sight ring. 12 Mth GUARANTEE. It is a pleasure to be able to offer such an original clock for sale.
