Description

A very fine example of these popular wall clocks. A walnut and ebonised case with a quarter veneered backboard, ebonised finials and ebonised pilasters to the door, which retains its original glass. The 8 day movement has just been fully overhauled in our own workshop by our BHI registered staff. It strikes on the half-hour and the hour. The two-piece enamelled dial has unusual Arabic numerals and nicely fretted hands. There is a subsidiary seconds dial. The brass weights and pendulum are in good order and the clock has an enamelled beat counter. Full 12mth parts and labour guarantee. Dimensions: Overall height 49" (125cm) Max Width 15" (38cm) Depth 7" (18cm)
