

SA289814

18th Century Small Oak Chest

Price

Sold**Item Reference: SA289814****Date of manufacture: Georgian**

Description

For sale is a good quality 18th century small oak chest. The chest has four long drawers and stands on bracket feet. Each drawer is fitted with its original swan neck handles. Two locks have been replaced but the bottom drawer has its original iron lock. This item has been completely restored and re-polished and is in excellent condition. It is becoming increasingly difficult to find period chests of this size, it would be ideal for a period cottage.

Internal Ref: S24-537
