Description

A very regal pair of ice buckets, I love their look and would make the perfect pair of vessels to serve ice. They are created to appear like a traditional coopered bucket and each has a wonderful Armorial Crest to the front of a Crown above the initials H.C. Made from silverplate, they are lucky enough to have been made by the top -notch silversmith, Elkington & Co. Being Elkington we are able to date them accurately, these have the date letter for the year 1881. Excellent used condition, standing 5" tall, the base diameter measuring 3 1/2" and a rim diameter measuring 4 3/4". Item ID: 35865 FREE Worldwide Registered Airmail Directly from London, England
