Description

Very elegant early Victorian mahogany sofa, which has just been re-upholstered in a grey Swedish linen fabric. It's in excellent condition, very stable & still has the original brass casters. I would date it to around the 1840 period. The frame has all been checked & tightened, whilst the mahogany has all been polished. It has a shaped flat back, scroll over arms, bolsters, a loose cushion & sits on beautifully turned legs. Length - 79.5", 202 cm
