Description

This one would be perfect on the go, small enough to pop it in your bag on the way out ready for use wherever you may be; of course it would just as smart parked on your desk-top. The handle is made from sterling silver inset to the front with a panel of period Tortoise Shell decorated with an ornamental silver pique inlay. The back of the handle is where the hallmark (somewhat rubbed but legible) can be found for Birmingham 1926, together with the makers mark for the silversmith, Horton & Allday. The glass itself is new, making it a perfectly usable desk accessory with a clear unblemished lens & a good magnification. Excellent condition, measuring 4 1/2" in length with the glass having a diameter measuring 1 1/2". Item ID: 34312 FREE Worldwide Registered Airmail Directly from London, England
