

SA293354

Large Antique Leather Swivel Desk Armchair

Price

Sold**Item Reference: SA293354****Date of manufacture: 1910**

Description

This large very comfortable antique leather desk armchair, needs a very substantial desk to sit in front of, or it could be just used as an armchair on it's own. The leather has a wonderful colour to it, plus this chair swivels & is adjustable in height. The inside back is deep buttoned, the leather is nice & soft, plus the seat is well sprung. It sits on 4 shaped legs, which have old brass casters. The leather is original to this chair & there is no damage to it, other than the usual old markings within it. It has been professionally revived, waxed & polished. I would date it to around the 1910 period. Width - 33", 84 cm Depth - 30", 76 cm Height - 45", 115 cm (Adjustable) Seat height - 20", 50 cm (Adjustable)
