Description

A lovely pair of decorative and comfortable armchairs dating from the 1920's. They are in excellent structural condition with there original surface still intact - we have purposely not added to the original finish as their slightly distressed surface adds greatly to their charm and appeal. We suggest the pair have been re-caned approx 30 - 50 years ago and are in good condition - enough time has elapsed for the caned panels to take on an appealing colour. The original cushions were not sympathetic or of a satisfactory quality - feather filled, black silk replacements were made which we feel compliment the overall decoration. Measurements - 33 inches high 17 1/2 " " depth of seat 24 " " width 16 " " height to seat Please contact us by email or phone if you require any further details.
