

SA293852

GOOD 18th CENTURY QUARTER REPEATING BRACKET CLOCK

Price

Sold**Item Reference: SA293852****Date of manufacture: 1750**

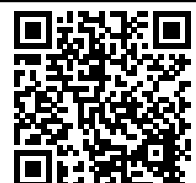

Description

Charles Burges of LONDON*: an excellent quality 18th century ebonised BRACKET CLOCK in perfect working order. The case, typical of the third quarter of the 18th century, is ebonised, with cast brass handle to the top; inset brass 'slip frames' to the front door and original cast brass feet. The 8-day movement retains its original verge escapement, striking hours on a bell, with pull repeat for the quarters on a further SIX bells. The dial is superb, with mock pendulum; date aperture and subsidiary dials for "Strike/Silent" and an "Up-and-Down" dial for pendulum adjustment. It is signed both to the dial and to the beautifully engraved backplate, and is original throughout. About 18ins high excluding the handle. ** Charles Burges is recorded working in London circa 1765: see Baillie page 46.
