Description

FINE small size early to mid 19th century Chinese hardwood vase stand in the form of a miniature table. This is a really nice quality example piece of Chinese furniture in a size I have not seen before. I have seen this type of table many times as a floor standing low table but never as small as this. Lovely faded colour. The quality of the stand is very good, cabriole legs with claw and ball feet with very nice carved decoration depicting birds amongst foliage. SIZE; 11" square by 11" high
