SUPERB PAIR OF TRIPLE RING GEORGIAN DECANTERS

Price

Sold**Item Reference: SA295067****Date of manufacture: 1800**

Description

SUPERB pair of early 19th century Georgian decanters. Triple octagonal rings to the top with star base and engraved star decoration to the decanter body. Nice shape faceted stoppers with star decoration to the top. One stopper is slightly larger than the other one but as these are obviously hand made I don't think it is too much to worry about. They are both definitely original. SIZE; 10 1/2" high
