Description

An antique sterling silver pocket watch. The watch has a stem-winding movement which is ticking away nicely and the time keeping is good to around two minutes or so over a 24 hour period. The watch measures 46.5mm diameter excluding the stem and the loop. The case is silver and there are hallmarks inside both of the back covers for London (import mark), 1918, with an importer's mark for Arthur George Rendell. The case has minor surface marks but overall is in good condition for its age. The replacement plastic watch lens is in lovely condition. The dial is in good condition. FREE WORLDWIDE SHIPPING
