Description

Would look great in a kitchen. This lovely golden oak wall clock strikes on the hour with a nice crisp sound. The 8 day movement has just been fully overhauled by our BHI registered staff in our own workshop. The case is nicely polished with a good patina. The lower case glazed door allows the heavy brass pendulum to be seen working. The 12" painted dial has black Roman numerals and also a subsidiary seconds dial and a brass bezel. Dimensions:
Height 30" (76cm) Width 17" (43cm) Depth 5" (12cm)
