Description

A truly spectacular example of a large 19th century chest of drawers in satin birch by the Rolls Royce of English cabinetmakers, Gillows of Lancaster. The plain rectangular overhanging top sits above an arrangement of graduated cockbeaded drawers lined in solid English ash, all of which retain their original turned knob handles. There is a simple plinth base support, an original three-panel backing board, and a working key to the top full-width drawer. This beautiful piece of furniture – stamped Gillow to the top edge of the top right hand drawer – is of the highest quality, is in superb condition, and represents a fine investment.
