Description

Dating from around 1900 - 1930, these finely detailed brass wall lights come with the original wood back plates. They have recently been rewired by a qualified electrician for the UK market, and fitted with replacement candle tubes. Each arm has a blue porcelain candle cup - in very good condition, and there is a decorative gilded porcelain piece in the central column. Both wall lights are undamaged, and the gilding is in good condition throughout. They can be viewed in the Surrey area. The lights measure 30cm across at the widest point and 21cm in length, and they measure 17cm from the backplate to the edge of the candle cups. Postage and package within the UK mainland only is estimated to be £15.
