Description

Beautiful mint condition, professionally serviced with 12 month warranty. This is an absolutely stunning example of a ladies dress wristwatch made by the world renowned premier Swiss maker Jaeger-LeCoultre. It has an amazing heavy solid 9ct gold case and weave design integral bracelet which compliments it beautifully. The most unusual aspect of this watch is that it has a backwind instead of a crown, this is an extremely rare attribute and was specifically designed to enhance the overall look of the watch and also to stop the crown from catching in delicate items of clothing. It is extremely heavy weighing a total of 46g, 17mm wide and fitting a maximum wrist size of 7 inches but this can easily be reduced by any competent jeweller. This watch has been fully restored, the dial and bracelet are in perfect like new condition, a new glass fitted and it has been professionally cleaned and polished so it is in pristine condition. It looks as though it has been used only for special occasions. As you would expect from Jaeger-LeCoultre the watch is fully marked on the dial and the bracelet and case is fully marked as 9ct. It comes complete with a new presentation box...
