Description

An absolutely stunning miniature chest of drawers in mahogany. This beautifully proportioned cabinet – sometimes referred to as an apprentice piece, made to show the skills of the cabinetmaker – is comprised of five graduated drawers lined in solid oak and all having their original turned knob handles. It has not been repolished; the untouched original finish has been left and, as a result, shows an abundance of charm and character. This lovely little chest of drawers – useful as a desktop cabinet or as a jewellery box – is English, and it dates from c.1870s. . . Width 11.25" (285mm) Height 15.25" (390mm) Depth 7.25" (185mm) . .
