Item Reference: SA301762

Date of manufacture: 1910

Description

This antique leather wing armchair has a curved ribbed back & the leather has a wonderful original colour. It's also very comfortable & has plenty of back support. The leather is naturally distressed, which only adds to the overall character & it's hand tacked all over. There is a loose cushion & it sits on tapers mahogany legs. This armchair is in good original condition & is sturdy. I would say it dates to around the 1910-20's period. Width - 33", 84 cm Depth - 33", 84 cm Height - 43.7", 111 cm Seat - 19", 48 cm
