Description

Professionally restored. This is a wonderful opportunity to acquire a solid bronze arts and crafts desk or table lamp dated to around 1930. It came from a house in Penzance so has obvious Newlyn influence but there is no mark from the Newlyn school. This is most unique beautifully decorated with the nautical scene of fish and boats, the quality is just breathtaking. The bronze is bright and crisp having been restored and the hammered style decoration really does stand out. It measures 50cms high including the shade, 36cms without the shade and the shade diameter is 33cms. An extraordinary piece which can be placed anywhere in the home, an item which will give great pleasure for many years to come and a perfect gift. It has been rewired by a fully qualified electrician and ready for immediate use.
